The Silverlon® Silver Lining™ Breast Pad is a unique Wound Care Dressing designed specifically for treatment of the Breast. The Silverlon® Silver Lining™ Breast Pad is designed for women who have pain and wounds related to: Mastitis, Lactation, and Breast Surgery including Mastectomy. This Wound Dressing is effective in the treatment of nipple pain, cracked nipples & nipple infection associated with breast feeding.

**There is no other more powerful form of Antimicrobial Protection designed for the care or treatment of the Breast than the Silverlon® Silver Lining™ Breast Pad. There has been reported reduced pain and inflammation by user's of our Silverlon® Dressings, also.**

Easy Ag®/Silverlon® Bandages are currently in use by hospitals such as Johns Hopkins, the Mayo Clinic, Northwestern University, the [University of Michigan](#), and Baylor University as well as several active [Military Units](#) in Afghanistan, Iraq and Germany. Silverlon® is simply the most effective, durable and easy to use antimicrobial product on market. All Easy Ag®/Silverlon® Burn Care and Wound Care Products listed on this website have **FDA Clearance**. Argentum Medical, LLC is a member of the [Wound Care Education Institute](#), and a member of the [National Alliance of Wound Care](#).

**Our Guarantee:**

**\* If the Silverlon® Silver Lining™ Breast Pad is worn 24/7 and does not bring significant relief within 5 days, you may return the products for a full refund to your PayPal account by emailing us at: [contact@silverlon.com](mailto:contact@silverlon.com)**

**A Silverlon® Silver Lining™ Breast Pad Testimonial:**

*The healing process after my mastectomy was impeded by chemotherapy. The Silverlon Silver Lining Breast Pad not only accelerated healing process, but soothed the skin which had been irritated by traditional dressings.*

## **Silverlon® Silver Lining™ Antimicrobial Breast Pad places well in Nationwide Breast Pad Testing by TIPS Ltd. in the UK**

**Here is what the Breast Pad Testers had to say about the Silverlon® Silver Lining™ Breast Pad:**

Eighth - Silverlon® Silver Lining™ Breast pad  
Supplied by [www.breastfeedingheaven.co.uk](http://www.breastfeedingheaven.co.uk)

Overall score: 53 per cent

*Once again testers were skeptical about the efficacy of silver to treat sore nipples. However, information on the website was excellent and convinced testers that this technology would work to ease/cure sore and cracked nipples, mastitis and other breast related conditions. Following testing, these pads really do seem to make a difference and as only one breast is usually affected; only one pad is required at a time which makes them cost effective. The fact that they can be washed 50 times means their seemingly high price is actually good value.*

*Award **Commended**.*

---

Please [Click Here](#) to view a very informative article about Mastitis. It describes the Causes, Risk Factors, Symptoms, Diagnosis, and more. The Silverlon® SilverLining™ Breast Pad should be considered as an integral part of the treatment plan. The Breast Pad will help to reduce symptoms while providing powerful antimicrobial protection.

We encourage you to contact us with any questions or comments about the Silverlon® SilverLining™ Breast Pad. To ask questions about how this Advanced Wound Dressing can benefit you, please [Click Here](#).
